OFFICE PROJECT / ANKARA - TEPE PRIME

The office, located in Block C of Tepe Prime with a 75m² open space, has been architecturally planned and designed to accommodate '1 general manager and 4 technical staff'. 3D visuals have been prepared and presented to our client. Following approval, 'construction works, electrical works, sanitary installations, wall wood panelling, custom-designed and manufactured furniture, antibacterial carpets, curtains, ceiling lighting and magnetic linear lighting' were completed according to the project and delivered to our client.

Our goal is to manufacture our productions in accordance with the approved projects by complying with the quality and standards and to deliver the work on time with our professional mounting teams.

ANKARA-TEPE PRIME

Tepe Prime C blok ta yer alan 75m² açık alanlı ofis için "1 genel müdür ve 4 teknik çalışan" sığacak şekilde mimari olarak planlanması ve projeleri yapılmıştır. 3boyutlu görseller hazırlanarak müşterimize sunulmuştur. Onay sonrasında "inşaat işleri, elektrik, sıhhi tesisat, duvar ahşap kaplamaları, özel tasarım ve imalat mobilyalar, antibakteriyal halılar, perdeler, tavan aydınlatmaları ve magnet lineer aydınlatmalar" projeye göre yapıp müşterimize teslim edilmiştir.

Hedefimiz, imalatlarımızı onaylanmış projeler doğrultusunda kalite ve standartlara uyarak üreterek, profesyonel montaj ekiplerimiz ile zamanında işi teslim etmektir.

OPERATION PRINCIPLES

Depending on the size of the work, we have approximately 50 experienced teams in manufacturing and assembly. Each project is transformed into a detailed application project by the technical staff and production starts after the approval of the expert architect. Our experienced architects and engineers work at the beginning of the assembly as many times as the work requires.

İşin büyüklüğü ölçüsünde imalat ve montaj kısmında yaklaşık 50 kadar deneyimli ekiplerimiz bulunmaktadır. Her proje teknik kadro aracılığıyla detaylı bir uygulama projesine dönüştürülüp, uzman mimar onayından sonra imalatına başlanmaktadır. Montajın başında işin gerektirdiği sayıda, tecrübeli mimarlarımız ve mühendislerimiz görev almaktadır.
